Information about our school

Coleham Primary School is situated in the County Town of Shrewsbury. It is very much a community school, the children drawn mostly from the local area, which has an attractive mixture of housing including Victorian and some community properties.

We are fully subscribed and there are normally around 420 children on roll, in 14 classes. There are two classes in each year group, so teachers plan and share expertise together.

Whilst our school is large in terms of the number of children, it has a close-knit feeling of a much smaller school. The school grounds are vast, including a wonderful conservation area.

Coleham is a successful and popular school where pupils achieve excellent results on all measures. We take a great pride in our school, ensuring that we are constantly in pursuit of excellence in all that we do. We are a very dedicated whole school team who have the children's well-being, enjoyment and progress at the centre of our positive ethos.

We are committed to enriching the curriculum for our children through a wide range of after school clubs, trips, performances, competitions and collaboration with other schools. It is important to us to offer as many opportunities as possible to the children, so we regularly buy in specialist provision for sports coaching, music tuition etc. and regularly draw on well-established artistic links within the community.

We have a very inclusive approach. Our Pastoral Leader and Learning Mentor support children, parents and teachers within the school.

Pupils are well behaved, enjoy their learning and consider school to be an important part of their life, along with their teachers - of whom they value very much.

We are committed to continued professional development for all our staff and foster open, professional and respectful relationships. Our staff well-being and happiness is paramount as we see them as our greatest asset.

The Priory Multi-Academy Trust is made up of The Priory School (an outstanding secondary school in Shrewsbury), St Martins School in Oswestry (a 3 -16 years school) and Coleham Primary School. We joined the trust in July 2017. The MAT provides a most interesting and exciting opportunity for primary and secondary practitioners to share ideas, resources and expertise, for the added benefit of the pupils in the Trust.

The Trust pursues the achievement of the best results for each individual, regardless of their starting point but also believes strongly that education is about developing well-rounded individuals who are ready, willing and able to make their contribution to society.
