

Year 3 Summer Term - 2018

Our main topic for the first half term will be a geographical one - finding out about our local area. Some of our artwork will take inspiration from this too. Later in the term, we hope to go on a trip to do some geographical field work and artwork.

In English we will be writing newspaper reports, performance poetry and after half term we will be studying and writing our own play scripts. In Maths, we will continue to follow the National Curriculum for year 3.

In Science, we will be studying 'Plants' by looking at the conditions necessary to promote healthy growth and what may affect this. After half term, we shall look at aspects of 'Light and Shadows'.

Throughout the term, we will continue to teach and discuss the British Values. RSE will reinforce what we have learnt about how our bodies change and the differences between boys and girls.

Homework will continue as normal; please continue to read regularly at home, alongside learning spellings and times tables which will both be tested weekly.

On Tuesdays, the children will continue with their French lessons with Madame Jones as well as Outdoor P.E with Mr Venn. Please ensure that you have the correct PE kit in school.

We will be contributing artwork to the Belle Vue Arts Festival in June. The theme this year is 'air'. We will produce art work and creative writing to complement this.

We hope you enjoy the last term of Year 3!

Mrs Stennett and Miss Westwood
