15<sup>th</sup> January 2019

Dear Parent/Carer,

**Design and Technology Day – Wednesday 23rd January**

**Design and Technology Day Exhibition – Thursday 24<sup>th</sup> January (3:15 pm – 4:15 pm drop in)**

On Wednesday 23rd January, your child will be taking part in a Design and Technology Day.

During the day, your child will be exploring different products on the theme of “vehicles” and analysing their structure, design, mechanism and presentation, where appropriate. They will be designing and making their own products following this research and, hopefully, will end up with an exciting working product of their own or finding out where or how they could improve their own design or construction. We want to re-use as many items/materials as possible, so some classes may have already asked children to save and bring in various equipment that could be used as the body of a vehicle or for its wheels. The activities your child will take part in will vary and may get messy! Please could you provide your child with an apron, or old shirt/T-shirt to protect their clothing, if requested by their class teacher?

I’m sure this is going to be a really exciting day for the children and look forward to seeing the work that is produced. With this in mind, we would really like to share the work that has been done with you, so we are organising an exhibition of the children’s work in the hall on the following day, Thursday 24th January from 3:15 - 4:15pm. The exhibition will be an opportunity for you to drop in and see what we have done and for the children to share their achievements with you. We look forward to seeing you there!

Yours sincerely,

*A Evans*

Ms Evans

Design and Technology co-ordinator
