

Inside Out Learning at Coleham School.

Little Forest School after-school workshop is for Y1 & Y2. The aim is to encourage children to play, learn and have fun outdoors. Over the course we will play team games, create natural art, make collections, learn how to start a fire and learn about the natural world. The sessions will be a taster of what we do so well at our own local hall and woodland setting. Get in touch with Franky for any information about our wrap around care and holiday clubs. inside-out-learning@outlook.com

Sessions: 3.10pm-4.30pm and will take place in the school conservation area. Children will need old shoes/trainers and a rainproof jacket/waterproof bottoms. If the weather is wet your child will need wellies. Expect your child to get wet and muddy, so dress them accordingly!

Each session costs £5 x 6 weeks = £30

You can book your child's place via our website
